Is bid subject to Tennessee Department of Transportation Bituminous Index? \_\_\_\_\_  
If yes, please list October's Bituminous Index Bid: \_\_\_\_\_ per ton

Supplier of Hot Mix will furnish, haul, place and compact to meet all Tennessee Department of Transportation standard specifications and test reports. Supplier will furnish traffic control, all construction signs and all portable signs in compliance with manual on Uniform Traffic Control Devices on all projects. Supplier must assign adequate personnel and equipment for job projects.

Supplier must provide training and flagging certification letter within 2 working days prior to starting paving project.

Warren Co. Highway Department reserves the right to haul the mix at the plant price for the supplier to lay in place.

Minimum asphalt cement content with rap will be required for the following mixes: 307C-5.0%, 307CW-5.5%, 307B-4.7%, 307BM-5.3% and 411D-5.5%

Mix designs approved by TDOT must be submitted and properly signed within 2 working days prior to starting paving project.

Supplier may use millings and virgin materials in mix designs.

Supplier must provide certification of Liability Insurance.

Paving projects and tonnage may vary countywide.

Supplier shall guarantee materials and workmanship against defects arising from faulty materials or workmanship for a

period of two (2) years. County Road Superintendent will have discretion as to determine the final acceptance of all work performed by the supplier. Guarantee will apply to in-place plant mix asphalt only.

The supplier must begin work upon a request from the Highway Department within three (3) days. If supplier cannot begin work within the three (3) days the Highway Department reserves the right to go to the next lowest bidder. In case the supplier cannot furnish Hot Mix depending upon the one requested, supplier has the option to substitute a grade of Hot Mix equal to or better at no additional cost to the Highway Department. If supplier does not want to substitute, the Financial Management Committee reserves the right to obtain the Hot Mix from the vendor who had the next lowest bid.

The Road Superintendent will supervise all work. He will decide all questions which may arise as to the quality and acceptability of materials furnished and work performed. In all of these matters, the decision of the Road Superintendent will be final and binding. The Road Superintendent will have the authority to suspend the work, wholly or in part, for such periods as he may deem necessary, due to unsuitable weather, or for any other conditions considered unsuitable for the execution of the work, or as deemed to be in the public interest.

In case of tie bids, the Financial Management Committee reserves the right to negotiate with the bidders or reject any and all bids received. The right is reserved as the interest of Warren County, Tennessee may require to reject any and all bids received.

The County Road Superintendent reserves the right to extend this bid for an additional six months.

A minimum asphalt cement content will be required for the following mixes: 307C-5.0%, 307CW-5.5%, 307B-4.7%, 307BM-5.3% and 411D-5.5%.

Mix designs approved by TDOT must be submitted and properly signed within 2 working days prior to starting paving project.

Supplier must use all virgin materials in mix designs.

Supplier must provide certification of Liability Insurance.

Paving projects and tonnage may vary countywide.

Supplier shall guarantee materials and workmanship against defects arising from faulty materials or workmanship for a period of two (2) years. County Road Superintendent will have discretion as to determine the final acceptance of all work performed by the supplier. Guarantee will apply to in-place plant mix asphalt only.

The supplier must begin work upon a request from the Highway Department within three (3) days. If supplier cannot begin work within the three (3) days the Highway Department reserves the right to go to the next lowest bidder. In case the supplier cannot furnish Hot Mix depending upon the one requested, supplier has the option to substitute a grade of Hot Mix equal to or better at no additional cost to the Highway Department. If supplier does not want to substitute, the Financial Management Committee reserves the right to obtain the Hot Mix from the vendor who had the next lowest bid.

The Road Superintendent will supervise all work. He will decide all questions which may arise as to the quality and acceptability of materials furnished and work performed. In all of these matters, the decision of the Road Superintendent will be final and binding. The Road Superintendent will have the authority to suspend the work, wholly or in part, for such periods as he may deem necessary, due to unsuitable weather, or for any other conditions considered unsuitable for the execution of the work, or as deemed to be in the public interest.

In case of tie bids, the Financial Management Committee reserves the right to negotiate with the bidders or reject any and all bids. The right is reserved as the interest of Warren County, Tennessee may require to reject any and all bids received.

The County Road Superintendent reserves the right to extend this bid for an additional six months.
