Is Bid subject to Tennessee Department of Transportation Bituminous Index? \_\_\_\_\_  
 If yes, please list Octobers Bituminous Index Bid \_\_\_\_\_ per ton

Contractor or Supplier of Hot Mix will furnish, haul, place and compact to meet all Tennessee Department of Transportation standard specifications and test reports. Contractor or Supplier shall provide and maintain all construction signs and all portable signs in compliance with Manual on Uniform Traffic Control Devices on all projects. Contractor or Supplier must assign adequate personnel and equipment to maintain traffic and all traffic control devices.

The Contractor or Supplier shall designate a trained person who has primary responsibility and sufficient authority for implementing the traffic control and other safety aspects of the work zone. The Contractor or Supplier shall furnish all necessary equipment for the satisfactory performance of the work.

Contractor or Supplier must provide training and flagging certification letter within 2 working days prior to starting paving project.

The Contractor or Supplier shall, at all times, observe and comply with all applicable federal, state and local laws, ordinances and regulations and shall indemnify and hold harmless the Warren Co. Highway Dept. and all of its officers, agents and servants against any claim of liability or assessment of fines or penalties arising from or based upon the Contractor’s or Supplier’s and/or its employees’ violations of any such law ordinance or regulation. The Contractor or Supplier or Supplier shall maintain documentation for all charges against the warren Co. Highway Dept. under the contract. The books, records and documents of the Contractor insofar as they relate to the work performed or money received under this contract shall be maintained for a period of three (3) full years from the date final payment and shall be subject to audit at any reasonable time and upon reasonable notice by the Warren Co. Highway Dept., or their duly appointed representatives.

The Contractor or Supplier shall be responsible for any and all injury or damage to persons or to property arising from the prosecution of the work and due to any act, omission, neglect or misconduct in its manner or method of prosecuting the work or due to its non-execution of the work or due to defective work or materials. The Contractor or Supplier shall provide proof of adequate and appropriate general liability insurance providing liability coverage in an amount not less than \$1 million dollars per occurrence and \$300,000 per claimant, naming Warren Co. Highway Department as an additional insured.

The Contractor or Supplier shall indemnify and hold harmless the Warren Co. Highway Department, the County and all of its officers, agents and employees from all suits, actions or claims of any character arising from the Contractor's acts or omissions in the prosecution of the work, use of unacceptable materials in constructing the work, infringement of patent, trade mark or copyright, or claims for Workers' Compensation. If any such suit, action or claim is filed, the Warren Co. Highway Department may retain from the monies due to the Contractor or Supplier under this Contract a sum deemed sufficient by the Warren Co. Highway Department to protect the Warren Co. Highway Department from loss therefrom. Upon resolution of the suit, action or claim, any remaining retained funds will be released.

Warren Co. Highway Department reserves the right to haul the mix at the plant price for the Contractor or Supplier to lay in place.

Minimum asphalt cement content will be required for the following mixes: 307C-5.0%, 307CW-5.5%, 307B-4.7%, 307BM-5.3% and 411D-5.5%.

Mix designs approved by TDOT must be submitted and properly signed within 2 working days prior to starting paving project.

Contractor or Supplier may use millings and virgin materials in mix designs.

Contractor or Supplier must provide certification of Liability Insurance.

Paving projects and tonnage may vary countywide.

Contractor or Supplier shall guarantee materials and workmanship against defects arising from faulty materials or workmanship for a period of 2 years. The Chief Administrator Officer will have discretion as to determine the final acceptance of all work performed by the Contractor or Supplier. Guarantee will apply to in-place plant mix asphalt only.

The Contractor or Supplier must begin work upon a request from the Highway Department within 3 days. If Contractor or Supplier cannot begin work within the 3 days the Highway Department reserves the right to go to the next lowest bidder.

The CAO will decide all questions which may arise as to the quality and acceptability of materials furnished and worked performed. In all of these matters, the decision of the Road Superintendent will be final and binding. The CAO will have the authority to suspend the work, wholly or in part, for such periods as he may deem necessary, due to unsuitable weather, or for any other conditions considered unsuitable for the prosecution of the work, or as deemed to be in the public interest.

The right is reserved by the CAO to accept or reject any or all bids received.
